## **SEASPACE CORPORATION ANNOUNCES IT HAS BEEN SELECTED FOR TERASCAN 2.4M X-BAND LEO SYSTEM BY CENTRAL WEATHER BUREAU IN TAIWAN**

### **SeaSpace to Deliver X-Band System to Central Weather Bureau (CWB) in Taiwan.**

*Poway, CA., July 8, 2003* – SeaSpace Corporation announces it has been selected to provide the Central Weather Bureau (CWB) in Taiwan with a TeraScan® 2.4m LEO X-Band System for the acquisition and processing of data from the Terra and Aqua satellites. The system will be integrated with the CWB's existing systems to enhance its highly operational meteorological monitoring and forecasting services.

The new TeraScan® system will be co-located with a MODIS processing system delivered to CWB in October, 2002. The new X-Band acquisition and processing system is scheduled for delivery and installation in early October, 2003.

“We are excited that the CWB team selected our TeraScan system for their X-Band reception and processing requirements, and look forward to working with the CWB staff as they enhance their operational capabilities”, stated Mr. Kevin Davis, SeaSpace Director of Business Development.
